Recommendation Letter

As the director of the Secondary school 777, Astana, Kazakhstan, I have had the pleasure of knowing Ivan Ivanov, date of birth 17 October, 1997, for the last 5 years. I would like to take this opportunity to recommend Ivan for your Foundation program.

He is an exemplary student for the other students and he never missed a class sessions. He always achieves good marks in theory and practical. He is very ambitious in further learning and keen on achieving higher positions. I must also make a note of his exceptional academic performance. Out of a class of 20 students, he is going to graduate with honors in the top 5. His excellent performance is a direct result of his hard work and strong focus. If your Foundation (Undergraduate) Engineering program is seeking superior candidates with a record of achievement, he is an ideal candidate and he will be excellent choice. He has consistently demonstrated an ability to rise to any challenge that he must face. High purposefulness, ability to see the goal and achieve it, constant self-development will let Ivan Ivanov become a good specialist. To conclude, I would like to restate my strong recommendation for Ivan. If you have any further questions regarding his ability or this recommendation, please do not hesitate to contact me using the information on this letterhead.

Sincerely,

Viktor Viktorovich
